WHO AM I?

I'm a versatile full-stack developer with strong expertise in Next.js, TypeScript, Web3, and TailwindCSS. I've built and maintained scalable platforms, and contributed to AI and blockchain projects. I enjoy solving real-world problems and thrive in remote-first, high-impact teams.

EXPERIENCE

2022 – now
Freelance

Plugin Contributor – Obsidian Text Generator

<https://github.com/nhaouari/obsidian-textgenerator-plugin>

Enhanced plugin functionality using TypeScript, integrated GitHub Actions, and improved usability for content generation.

2021 – 2022
Freelance

+447766 798 642

2019 – 2020
Freelance

POS System Developer – Inventory App

<https://github.com/haouarihk/POS-forShoes-svelte>

Created a full-featured POS application for a local shop using Svelte, Firebase, and Electron. Focused on offline-first experience.

2019 – 2020
Remote, Part-time

LaTeX Specialist - Academic Docs

word2latex.net

Converting Word documents to LaTeX for university students and researchers. Delivered clean, publication-ready formatting.

2019

Backend Developer – File Conversion API

<https://github.com/haouarihk/docToLatexServer>

Developed a document conversion server using Node.js and Laravel. Supported uploading and automated conversion.

LANGUAGES

English – Fluent
Arabic – Native
French – Basic

HOBBIES

Coding, solving technical challenges, learning new technologies, and occasional gaming.

VOLUNTEERING

Assist local students with computer issues. Active on Discord, helping fellow developers debug and grow.
